Monday-Friday, 8am-5pm, 305-375-1808

Questions AND ANSWERS

What is Zoning?

What is Zoning?

Zoning controls the use and development of land and buildings for the health, welfare and safety of the community.

What is Setback?

A setback is the required minimum horizontal distance between the front, sides, and rear of the lot to the building.

What is lot coverage?

It is the percentage of the overall area of the site that the building occupies. (building area under roof at ground level/total lot area = lot coverage percentage.)

Does my shed have to comply with any regulations?

Yes. All structures must comply with setback requirements and sheds must meet accessory use setbacks and rear lot coverage requirements.

Can I operate a business out of my home?

A home office is permitted as an ancillary use to a residential use subject to limitations.

Can I park a boat in front of my house? A recreation vehicle?

Yes, you can park a boat, but not a recreational vehicle, temporarily for two hours, but not in the public right-of-way. However, you can store either or both on your lot as provided in Section 33-20.

What is an easement?

An easement grants access to private property for utility installation and maintenance. No structure, fence or tree may be placed in an easement without the written consent of all utility companies that have the right to access an easement. Your survey will show all easements that are located on your property.

Typical SITE PLAN

General INFORMATION

Maximum lot coverage

Maximum lot coverage shall be 30 % of net lot area

Principal Building Setbacks
